# Preface

---

The Fact Book is an annual publication of Institutional Research & Information (IRI) at Utah Valley University. The purpose of the Fact Book is to translate accumulated data into useful information for those within and outside the university.

It should be noted that data extraction methods used for this Fact Book are consistent with those used in previous years. The most current information will be reflected in the online Fact Book as improved means of obtaining accurate information are developed.

Every effort has been made to include within this publication the data most often requested; however, of necessity, the information presented herein is limited. You can find additional information and a complete listing of our research online at [www.uvu.edu/iri](http://www.uvu.edu/iri). We invite the users of this book to freely comment on what information they would like to have included in future editions of the Fact Book. Please contact our office at (801) 863-7923 or email us at [IRI@uvu.edu](mailto:IRI@uvu.edu), with your suggestions.

IRI wishes to thank the individuals and departments who have contributed to this publication.

All information is provided by IRI unless otherwise noted. Summer information is based on end-of-term data. Fall and Spring information is based on data captured on the 15<sup>th</sup> day of instruction, typically called “Thirdweek”.

<sup>3</sup> Needs do not equate to Placement in a college-level course. This needs assessment for Fall 2015 is based on tests and classes completed any time prior to entry, while Placement is based on tests and coursework within a specific time-frame (2 years for Math, 3 years for English). Note that this number only considers enrolled, degree-seeking, first-time college students.

<sup>4</sup> A remedial course in this context is defined as Math or English < 1000.

<sup>5</sup> A remedial/developmental course in this context is defined as Math < 1020 or English < 1000.

Utah Valley University was established in 1941 as Central Utah Vocational School (CUVS) with the primary function of providing war production training. CUVS was part of the Provo School District located in south Provo. The institution received a state appropriation in March 1945 of \$50,000 to operate for the 1945-1947 biennium. In 1947, the school received funding as a permanent state institution.

A new site for the school was acquired on University Avenue in Provo in 1948; in the 1952, the state appropriated funding for the first construction on that site. As enrollments grew, the state acquired over 185 acres in southwest Orem and the first building was completed in 1977. Today, the University's facilities consist of a combined total of 422 acres with 50 buildings with campuses in Orem, Provo, and Heber City and property in Vineyard and at Thanksgiving Point in Lehi.

In 1963, the school's name changed to Utah Trade Technical Institute to reflect its growing role in technical training. The name again changed in 1967 to Utah Technical College at Provo. The institution was approved in 1966 to grant Associate of Applied Science degrees, in 1967 to offer general education courses, in 1971 to grant Associate of Science degrees (discontinued in 1974 and reinstated in 1981), and in 1987 to grant Associate of Arts degrees. With its expanded degree offerings, the institution's name changed again to Utah Valley Community College in 1987. In 1993, the institution's name changed to Utah Valley State College and the mission was expanded to include the offering of bachelor's degrees. On July 1, 2008, the institution underwent another mission and name change to Utah Valley University and began offering master degree programs.<sup>1</sup>

Throughout its history, UVU has responded to its service region's (Utah, Wasatch and Summit counties) population changes and business/industry needs. This responsiveness is evidenced in its mission, program offering, degree level, and enrollment changes.
